*Chive as in Chinese chive (韭菜)

"Little Miss Pengpeng and her dopey bodyguard
Yanlin were out to get some dumplings

Little Miss: What do you think about chive* fillings?
Dopey bodyguard: I ...what about you?
Little Miss: I like them
Dopey bodyguard: Oh yeah, me too. Leek fillings are the best. They smell amazing.
Little Miss: I lied. I've never liked chives in my dumplings
But since you're so silly, I'll buy some for you ^^
You're a bodyguard yet you're so easy to con. This sure is worrisome."

"The 12th lunar month, Qinling*
One after another, the ielis of the Ten-thousand
Flowers Valley start entering Hibernation Mode. All of them,
whether they're Crow-dipper or Northern Snow Ielis, snuggle into
the Blanket Monsters' embrace while hugging their fatties, during which
they cannot be awakened. This state continues on till the 1st month
of the lunar year. When spring returns and the earth is bathed
in warmth again, the well-experienced Qingyan teachers harvest them
from their pits, pile on fertilizers, and bloom baby flowers atop their
heads with the magical incantation : 'Heihuahuihuihuahuihuahei'*** "

*Qinqing = Qinling Mountain Ranges
**Crow-dipper, Northern Snow= names of TTFV Leli outfits
-crow-dipper is a type of plant
